

Activity/ Situation	COVID SECURE ARRANGEMENTS FROM STEP 4 – July 2021			
Location	BEDALE HIGH SCHOOL			
Persons at Risk	Pupils <input checked="" type="checkbox"/>	Employees <input checked="" type="checkbox"/>	Visitors <input checked="" type="checkbox"/>	Contractors <input checked="" type="checkbox"/>
HAZARD(S)	<p><i>Note: this list is not exhaustive and <b>must</b> be adapted for your own needs</i></p> <ul style="list-style-type: none"> <li>* Contact Between Individuals</li> <li>* Inadequate Cleaning/Sanitising</li> <li>* Spread of Coronavirus to Staff, Pupils and Families, Visitors and Contractors</li> <li>* Site User Becoming Unwell</li> <li>* Site User Developing Symptoms</li> <li>* Inadequate Hand Washing/Personal Hygiene</li> <li>* Inadequate Personal Protection &amp; PPE</li> <li>* Visitors, Contractors &amp; Spread of Coronavirus</li> <li>* Inadequate Ventilation</li> <li>* Arrangements for Boarding Schools During Pandemic</li> </ul>			
CONTROL MEASURES	ADDITIONAL INFORMATION	YES	NO	N/A
<p><i>Note: you <b>must</b> amend and adapt this generic risk assessment to suit your own needs by selecting the controls from the examples provided (adding and amending others where necessary) and then evaluate the overall risk for the activity/situation.</i></p>				
<p>In considering all of the below risks and potential control measures, please be mindful of your duties under the <a href="#">Equality Act</a> by ensuring that there is no adverse impact on any particular group of staff / pupils with protected characteristics</p>				
<b>Contact Between Individuals</b>				
At Step 4 it is no longer necessary to keep children in consistent groups ('bubbles')		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Outbreak management plans cover the possibility that it may become necessary to reintroduce 'bubbles' for a temporary period, to reduce mixing between groups	School will consult with LA as necessary to implement contingency plan	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Assemblies have resumed	1 per week per year group	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils can mix at breaks and lunchtimes	School is now back to 1 break and 1 lunchtime	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Given the likely gap in COVID-19 cancellation related insurance, schools considering booking a new educational visit, whether domestic or international, are advised to ensure that any new bookings have adequate financial protection in place	You should speak to either your commercial insurance provider, the Risk Protection Arrangement (RPA) or an outdoor education adviser to assess the protection available and make sure it provides suitable protection in the	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	event of a COVID-19 related cancellation			
Schools can undertake educational day visits	Trips planned in the calendar for this year	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools can undertake domestic residential education visits		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
International educational visits do not take place before the start of the autumn term		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
International educational visits that have previously been deferred or postponed can take place from September 2021 and new international visits for the future can be organised		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
School has resumed all before and after-school educational activities and wraparound childcare for pupils	More information on planning extra-curricular provision can be found in the guidance for <a href="#">providers who run community activities, holiday clubs, after-school clubs, tuition and other out-of-school provision for children</a>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>Inadequate Cleaning/Sanitising</b>				
A cleaning schedule that includes regular cleaning of areas and equipment (for example, twice per day), with a particular focus on frequently touched surfaces is in place	<a href="#">Cleaning of non-healthcare settings outside the home</a>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Electronic entry systems and keypads are regularly sanitised particularly first thing in the morning and where possible after each use		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Bins for tissues and other rubbish are emptied throughout the day		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Stocks of cleaning chemicals, liquid soap, paper towels, tissues, toilet roll, bin bags etc. regularly checked and additional supplies requested as necessary		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>Spread of Coronavirus to Staff, Pupils and Families, Visitors and Contractors</b>				
Close contacts will be identified via NHS Test and Trace	Education settings will no longer be expected to undertake contact tracing	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Contacts from a school setting will only be traced by NHS Test and Trace where the positive case specifically identifies the individual as being a close contact	NHS Test and Trace will work with the positive case to identify close contacts	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
From 16 August 2021, children under the age of 18 years old will no longer be required to	Children will be contacted by NHS	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

self-isolate if they are contacted by NHS Test and Trace as a close contact of a positive COVID-19 case	Test and Trace, informed they have been in close contact with a positive case and advised to take a PCR test			
Contact with individuals who are required to self-isolate is minimised by ensuring they do not attend the school	As per messages to parents in email, FB and newsletter	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Anybody contacted by NHS Test and Trace or local health protection team and told to self-isolate because they have been a close contact of a positive case, has a legal obligation to do so	As per messages to parents in email, FB and newsletter	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils, staff and other adults must not come into the school if they have symptoms, have had a positive test result or other reasons requiring them to stay at home due to the risk of them passing on COVID-19 (for example, they are required to quarantine)	As per messages to parents in email, FB and newsletter	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The school recognises that if they have two or more confirmed cases within 14 days, or an overall rise in sickness absence where coronavirus (COVID-19) is suspected, they may have an outbreak and will call the dedicated advice service who will escalate the issue to your local health protection team where necessary and advise if any additional action is required	<i>We await the updated guidance for this</i> You can reach them by calling the DfE Helpline on 0800 046 8687 and selecting option 1 for advice on the action to take in response to a positive case	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
All CEV pupils should attend their school unless they are one of the very small number of pupils under paediatric or other specialist care and have been advised by their GP or clinician not to attend	Further information is available in the guidance on <a href="#">Supporting pupils with medical conditions at school</a>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Clinically extremely vulnerable (CEV) people are no longer advised to shield but may wish to take extra precautions to protect themselves, and to follow the practical steps set out in the CEV guidance to minimise their risk of exposure to the virus		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Staff in schools who are CEV should currently attend their place of work if they cannot work from home	DHSC will publish updated guidance before Step 4	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pregnant women are in the 'clinically vulnerable' category	School must complete the New and Expectant Mothers risk assessment as well as the Covid Individual risk assessment. Both the New and Expectant Mothers	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	<p>and the Individual Risk Assessment must be reviewed prior to 28 weeks when risk factors increase.</p> <p>Individual Risk Assessments will need to be subject to regular review</p> <p><a href="#">RCOG Q&amp;A covid19 virus infection and pregnancy</a></p>			
<p>We currently advise, due to the increased risk of serious illness and premature birth after 28 weeks gestation arising from Covid, that pregnant colleagues in their 3<sup>rd</sup> trimester do not attend a physical workplace. Therefore, from now on pregnant employees in their 3<sup>rd</sup> trimester should be directed to work from home if they are currently attending a workplace. This should happen as soon as possible, and so managers are required to send home any pregnant employees who have reached the start of their 28<sup>th</sup> week of pregnancy</p>	<p>As pregnant women are currently advised not to be vaccinated and there continues to be moderate levels of coronavirus transmission within the community, we have decided to continue to advise those in the 3<sup>rd</sup> trimester of pregnancy to continue to remain away from workplaces</p> <p>As per NYCC and CYC recommendation</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>All employers have a duty of care to their employees, and this extends to their mental health.</p> <p>Make sure you have explained to all staff the measures you are putting in place. Discuss with all staff any changes in place as part of these measures.</p> <p>Because some staff may be particularly anxious about returning, you may need extra systems in place to support staff wellbeing</p>	<p>Staff wellbeing group well established and regularly meet with SLT to decide focus areas</p> <p>Read about the: <a href="#">extra mental health support for pupils and teachers</a>, <a href="#">Wellbeing for Education return programme</a></p> <p><a href="#">Education Support</a> provides a free helpline for school staff and targeted support for mental health and wellbeing</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Site User Becoming Unwell				
If anyone in school develops COVID-19 symptoms, however mild, they are sent home and told they should follow public health advice	<a href="#">Symptoms of coronavirus (COVID-19)</a>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If a pupil is awaiting collection, they should be left in a room on their own if possible and safe to do so. A window should be opened for fresh air ventilation if possible	Rm 29 covid base in place	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If the pupil needs to go to the toilet while waiting to be collected, they should use a separate toilet if possible. The toilet should be cleaned and disinfected using standard cleaning products before being used by anyone else		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
PPE should be worn by staff caring for the pupil while they await collection if close contact is necessary		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The room used by the pupil awaiting collection should be cleaned after they have left		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Everyone displaying coronavirus (COVID-19) symptoms should avoid using public transport and, wherever possible, be collected by a member of their family or household		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In exceptional circumstances, if parents or carers cannot arrange to have their child collected, if age-appropriate and safe to do so the child should walk, cycle or scoot home		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In an emergency, call 999 if the pupil is seriously ill or injured or their life is at risk.	Anyone with coronavirus (COVID-19) symptoms should not visit the GP, pharmacy, urgent care centre or a hospital	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Site User Developing Symptoms				
Schools must ensure that staff members and parents/carers understand that they will need to be ready and willing to <a href="#">book a test</a> if they are displaying symptoms. The main symptoms are a high temperature, a new continuous cough and/or a loss or change to your sense of smell or taste. Staff and pupils must not come into the school if they have symptoms, and must be sent home to self-isolate if they develop them in school. All children can be tested if they have symptoms, including children under 5, but children aged 11 and under will need to be helped by their parents or carers if using a home testing kit	The advice service (or PHE local health protection team if escalated) will provide definitive advice on who must be sent home. A template letter will be provided to schools, on the advice of the health protection team, to send to parents and staff if needed	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Over the summer, staff and secondary pupils should continue to test regularly if they are	Schools will only provide tests for	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

attending settings that remain open, such as summer schools and out of school activities based in school settings	twice weekly asymptomatic testing for pupils and staff over the summer period if they are attending school settings			
All secondary school pupils should receive 2 on-site lateral flow device tests, 3 to 5 days apart, on their return in the autumn term	Tests in place for Weeks 1 of term	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Secondary school pupils should then continue to test twice weekly at home until the end of September, when this will be reviewed		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Staff should undertake twice weekly home tests whenever they are on site until the end of September, when this will also be reviewed		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Secondary schools should retain a small asymptomatic testing site (ATS) on-site until further notice so they can offer testing to pupils who are unable to test themselves at home		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Primary age pupils (those in year 6 and below) do not need to test over the summer period		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
New year 7 pupils will be offered the 2 tests at an ATS at the beginning of the autumn term when they start at their secondary school as a new year 7.	Tests in place for Week 1 of term	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
It remains essential that anyone who gets a positive result from an LFD test self-isolates immediately, as must other members of their household, while they get a confirmatory PCR test	As per messages to parents in email, FB and newsletter	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If the PCR test is taken within 2 days of the positive lateral flow test, and is negative, it overrides the self-test LFD test and the pupil can return to school, as long as the individual doesn't have COVID-19 symptoms		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Whilst awaiting the confirmatory PCR result, the individual and close contacts should continue to self-isolate	As per messages to parents in email, FB and newsletter	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Those with symptoms are expected to order a test online or visit a test site to take a lab-based polymerase chain reaction (PCR) test to check if they have the virus		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils, staff and other adults should follow public health advice on when to self-isolate and what to do	<a href="#">When to self-isolate and what to do - Coronavirus (COVID-19)</a>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>Inadequate Hand Washing/Personal Hygiene</b>				
Staff/pupils/cleaners/contractors etc. will be reminded to clean their hands regularly, including; <ul style="list-style-type: none"> <li>when they arrive at the school</li> <li>when they return from breaks</li> </ul>	Assemblies, posters, form time etc	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

<ul style="list-style-type: none"> <li>when they change rooms</li> <li>before and after eating</li> </ul>				
Consideration given to how often pupils and staff will need to wash their hands and incorporated time for this is in timetables or lesson plans	Hand sanitising remains in place on entry to lessons and canteen	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Staff working with pupils who spit uncontrollably may want more opportunities to wash their hands than other staff		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Pupils who use saliva as a sensory stimulant or who struggle with 'catch it, bin it, kill it' may also need more opportunities to wash their hands and this has been considered		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Help given to pupils with complex needs to clean their hands properly		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Risk assessments for pupils with complex needs that may struggle to maintain as good respiratory hygiene as their peers, for example those who spit uncontrollably or use saliva as a sensory stimulant, have been updated in order to support these pupils and the staff working with them		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Hands are washed with liquid soap & water for a minimum of 20 seconds		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The school has considered whether they have enough hand washing or hand sanitiser 'stations' available so that all pupils and staff can clean their hands regularly		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Alcohol based hand cleansers/gels can only be used if soap and water are not available, but is not a substitute for hand washing. Such gels MUST ONLY BE USED UNDER CLOSE SUPERVISION. In normal circumstances pupils should not be using alcohol based hand cleansers because of the risk of ingestion	Skin friendly cleaning wipes can be used as an alternative	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School has embedded hand washing routines into school culture, supported by behaviour expectations to help ensure younger pupils and those with complex needs understand the need to follow them		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The 'catch it, bin it, kill it' approach is very important and is promoted	<p><b>CATCH IT</b>  Germs spread easily. Always carry tissues and use them to catch your cough or sneeze.</p> <p><b>BIN IT</b>  Germs can live for several hours on tissues. Dispose of your tissue as soon as possible.</p> <p><b>KILL IT</b>  Hands can transfer germs to every surface you touch. Clean your hands as soon as you can.</p> <p></p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Disposable tissues are available in each room for both staff and pupil use		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Bins (ideally lidded pedal bins) for tissues are available in each room		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

School has embedded the 'catch it, bin it, kill it' approach to ensure younger pupils and those with complex needs get this right, and that all pupils understand that this is now part of how the school operates		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>Inadequate Personal Protection &amp; PPE</b>				
Face coverings are not needed within school but they are expected and recommended on public or school transport		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In case of an outbreak in school, a director of public health might advise that face coverings should temporarily be worn in communal areas or classrooms (by pupils, staff and visitors, unless exempt)	This is covered in the Outbreak Management Plan	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In the above circumstances, transparent face coverings, which may assist communication with someone who relies on lip reading, clear sound or facial expression to communicate, can also be worn		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Face coverings (whether transparent or cloth) should fit securely around the face to cover the nose and mouth and be made with a breathable material capable of filtering airborne particles		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Clear instructions are provided to staff on how to put on, remove, store and dispose of face coverings, to avoid inadvertently increasing the risks of transmission	These will be issued again as a reminder if we need to go back to wearing face coverings at any stage	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Safe wearing of face coverings requires cleaning of hands before and after touching – including to remove or put them on – and the safe storage of them in individual, sealable plastic bags between use	As above	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where a face covering becomes damp, it should not be worn and the face covering should be replaced carefully	As above	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
When working with children and young people who cough, spit or vomit but do not have coronavirus (COVID-19) symptoms, only any PPE that would be routinely worn, is worn		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>Visitors, Contractors &amp; Spread of Coronavirus</b>				
Key contractors are made aware of the school's control measures and ways of working		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School ensures site guidance on is explained to visitors and contractors on or before arrival		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Contractors to provide updated risk assessment prior to visit which includes their own controls round infection spread prevention		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

As normal, school engages with their local immunisation providers to provide immunisation programmes on site, ensuring these are delivered in keeping with the school's control measures	These programmes are essential for children's health and wellbeing	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>Inadequate Ventilation</b>				
Occupied spaces must always be well ventilated and a comfortable teaching environment maintained	Windows opened each morning by site staff before staff and students arrive. Doors opened to create airflow where appropriate	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Ventilate spaces with outdoor air	Natural ventilation – if necessary external opening doors may also be used provided this doesn't compromise safeguarding measures	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where possible, occupied room windows should be open		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Switch air handling units with recirculation to 100% outdoor air where this is not possible, systems are operated as normal	Further advice on this can be found in Health and Safety Executive guidance on <a href="#">air conditioning and ventilation during the coronavirus outbreak</a> and <a href="#">CIBSE coronavirus (COVID-19) advice</a> .	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Prop doors open, where safe to do so (bearing in mind fire safety and safeguarding), to limit use of door handles and assist with creating a throughput of air	Fire doors must not be propped open unless they have a self-closing hold open device fitted	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In cold weather where the school heating system is activated, windows are open to provide trickle ventilation rather than being fully open	<b>natural ventilation</b> – opening windows (in cooler weather windows should be opened just enough to provide constant background ventilation, and opened more fully during breaks to purge the air in the space)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consideration given to opening high level windows in preference to low level to reduce draughts		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Consideration given to only opening every other window instead of all windows when the heating is activated		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If school needs to use additional heaters they only use sealed, oil filled electric heaters	Electric fan heaters used sparingly due to increased fire and electrical risk	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Have you consulted with the people/representatives undertaking the activity as part of the preparation of this risk assessment	Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>	
What is the level of risk for this activity/situation with existing control measures	High <input checked="" type="checkbox"/>	Med <input type="checkbox"/>	Low <input type="checkbox"/>	
Is the risk adequately controlled with existing control measures	Yes <input type="checkbox"/>		No <input checked="" type="checkbox"/>	
Have you identified any further control measures needed to control the risk and recorded them in the action plan	Yes <input type="checkbox"/>		No <input checked="" type="checkbox"/>	
<b>ACTION PLAN</b> (insert additional rows if required)	<b>To be actioned by</b>			
Further control measures to reduce risks <i>so far as is reasonably practicable</i>	<b>Name</b>	<b>Date</b>		
<b>Interim update (awaiting updated LA version following updated DfE guidance)</b>	TKE	1 <sup>st</sup> Sept 2021		
State overall risk level assigned to the task <b>AFTER</b> implementation of control and action plan measures taken as a result of this risk assessment	High <input type="checkbox"/>	Med <input checked="" type="checkbox"/>	Low <input type="checkbox"/>	
Is such a risk level deemed to be as low as reasonably practical?	Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>	
Is activity still acceptable with this level of risk?	Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>	
<b>Assessor(s):</b>	<b>T. Kelly</b>	<b>Signature(s):</b>	T. KELLY	
<b>Position(s):</b>	Headteacher			
<b>Date:</b>	1 <sup>st</sup> September 2021	<b>Review Date:</b>	End of September 2021	
<b>Distribution: Staff, Parents, Governors, Students: Website and Newsletter</b>
