

Subject Ambassadors

Our Subject Ambassadors are passionate about their subject – and feel the need to share their love of the subject across the wider school community!

Students in any year group can apply (to the Head of Faculty or their subject teacher) for this leadership position at any point during the academic year.

Their main roles include:

- supporting events such as Year 6 Open Evening and Options Assemblies
- student voice during Quality Assurance fortnight, sharing ideas on how to improve the subject
- supporting lunchtime, afterschool and homework clubs
- researching news articles on the subject to share with the school
- helping with assemblies when we have our 'subjects theme week'
- giving feedback on the subject to Heads of Faculty
- being on the student interview panel for new staff
