What is Parent Forum?

The Parent Forum aims to discuss a range of issues and offer opinion on a variety of subjects relating to school life. Although it is not a decision making body, the Forum has the opportunity to influence decisions through an open dialogue with the Headteacher. The Forum meets three times a year. The general areas for discussion are set at the initial meeting with specific items raised in preparation for later meetings. The Parent Forum is a genuine attempt to seek the views of parents and develop a stronger partnership by improving understanding through communication.

The aim of the Parent Forum is to:

- To work together to improve the education of our students.
- To meet in a mutually supportive environment.
- To develop further and improve dialogue between parents and school.
- To discuss the whole school improvements which benefit students.
- For parents' views to impact on school life and decisions made about our school.
- To identify issues parents want the Parent Forum to work on in school.
- To work in partnership with staff.

It is important to note that the group will not have any statutory responsibilities, duties or powers in the school, but it will help us to communicate more effectively with our parent community and through the meetings, parent views can feed into school decision making.

Membership and Communication

The Parent Forum is open to all parents, care will be taken to ensure that all year groups are represented and that no year groups are over represented.
