Dear Ms Allsop,

I was so heartened to hear recently of the project you and your colleague Lynn Riley-Fox had initiated to pull together resources and volunteer effort to produce PPE visors for staff at care homes in the Bedale area.

The operation sounds like a triumph of enterprise and organisation – a truly wonderful example of the community coming together to help and support our care home workers and their residents.

By playing an important role in these efforts to assist the great UK-wide effort in this time of national emergency you and your fellow volunteers have gone above and beyond.

Do please pass on my thanks to every member of the team of the people who are involved in this magnificent effort. The knowledge that they are prepared to go the extra yard to help those most in need of support has been most reassuring.

On behalf of everyone you have helped can I thank you for your actions during the Coronavirus pandemic.

It is such acts that are helping the nation make the significant progress achieved so far in beating the virus and to make our part of North Yorkshire such a special place to live. Thank you again.

Kind regards,
