

8th January 2020

Dear Parents/Guardians

RE: Year 9 Geography fieldtrip to Flamborough Head and Bridlington

Since October half-term, all of the Year 9 Geographers are currently following the 'Coastal Landscapes and Processes' module of the GCSE specification. To support the learning that has already taken place, there will also be a one-day fieldtrip to the Holderness Coast in East Yorkshire. This fieldtrip provides a great opportunity to learn outside the classroom, and observe a range of coastal landforms and management strategies that have already been covered in lessons. We will also be visiting one section of the coast, which is one of the fastest eroding coastlines in Europe, to examine the impacts of coastal erosion first-hand.

The date for the fieldtrip is **Wednesday 5th February 2020.**

We will be leaving school after registration at 9:05am, and expect to return to school by 6:00pm; this means that students who usually catch a school bus will need to make alternative arrangements to get home safely.

On the day of the fieldtrip, students will need to bring a packed lunch and will not be required to wear school uniform. Sensible, warm clothing, including waterproofs, and appropriate footwear is essential as the weather can be unpredictable!

The cost of the trip including transport and insurance will be £8.00.

Please make payment and give consent via Parent Pay by **Friday 31st January 2020.**

Thank you for your continued support.

Yours faithfully

Mr A Childe
Head of Humanities and MFL Faculty
