Courage Commitment, Compassion

Technician – Design Technology

**22.5 hours per week, term time only,
Grade E, SCP 6 - 8, pro rata**

This is an exciting opportunity for a vibrant, enthusiastic and hardworking individual to join our technician team. The successful candidate will need to demonstrate a range of skills, including organisation and interpersonal skills, an ability to work well with young people and the flexibility to meet the time requirements.

The role will require working knowledge of the typical Design Technology machinery and equipment, including the ability to safely use, supervise and demonstrate in accordance with the latest H & S protocols.

It is anticipated, in the first instance, the hours are likely to be blocked over 3 full days, but some degree of flexibility may be required.

Bedale High School is committed to safeguarding and promoting the welfare of our pupils and young people. We have a robust Child Protection Policy and all staff will receive training relevant to their role at induction and throughout employment at the School. We expect all staff and volunteers to share this commitment. This post is subject to a satisfactory enhanced Disclosure and Barring Service criminal records check for work with children.

Application packs are available to download from our school website: www.bedalehighschool.org.uk

Please return completed application forms to the School Business Manager:
