

Home Learning Support Evening – Year 7

Short term –

- It allows you to review and practice what has been covered in class
- It can help you to get ready for the next lesson and feel more confident and secure in your learning
- It helps you work out what you know and what you don't know, and then get help if you need it

Long term –

- It improves your thinking and memory
- It teaches you to work independently
- It gets you into good revision routines ready for GCSE
- It helps you develop positive study skills and habits that will be important to you throughout life

Make a plan!

Which day are you going to do your homework? How are you going to spread it out across the week? Do you have any other commitments you need to work around? Piano practice? Football practice?

Top tips –

Choose a place where you can concentrate and won't get distracted.

COURAGE

Take a short break every 45 mins/1 hour

Ask for help if you need it. You can ask parents, your friends or your teacher.

Don't leave your homework until the day before! Try to get it done a few days before it's due in so if you need any help, you've got time to find your teacher.
