

YEAR 11 INFORMATION EVENING

**'Exploring Mind
maps as a tool for
study'**

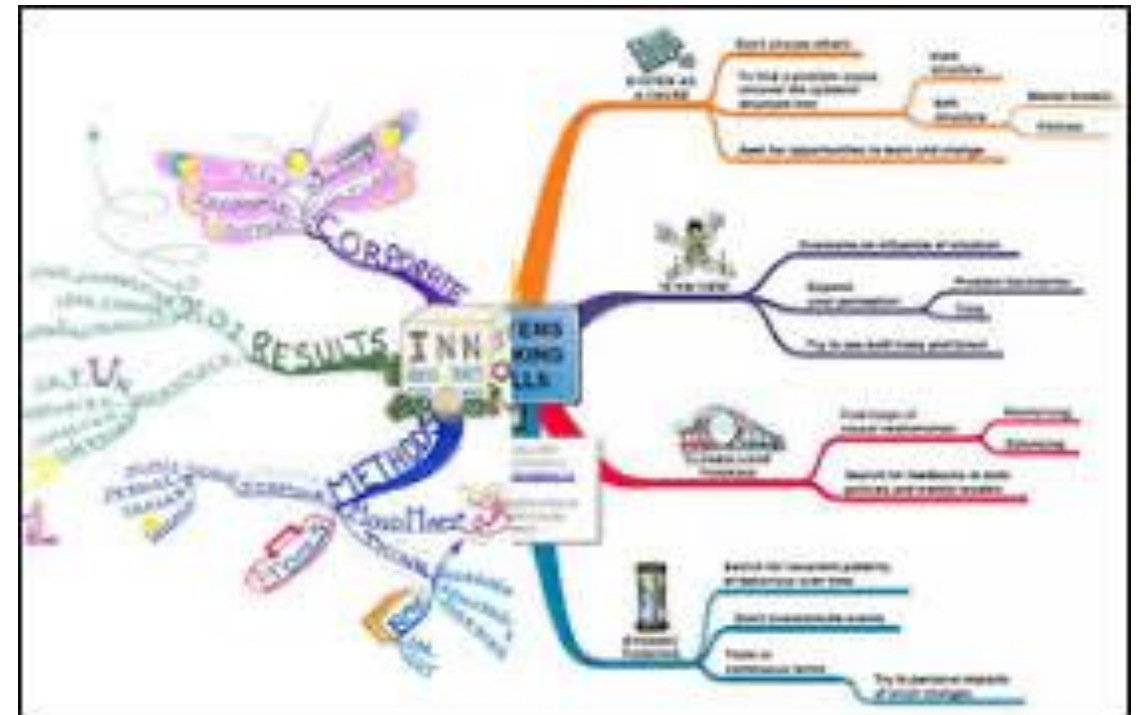

Louise Woodward

The Benefits of using Mind Maps....

AWAKE LEADERSHIP SOLUTIONS

- It helps you remember and recall information.
- It helps you learn new concepts.
- It's a fun way of learning.
- It makes complex ideas easier to understand.
- It boosts your creativity.
- It improves productivity.
- It's flexible.

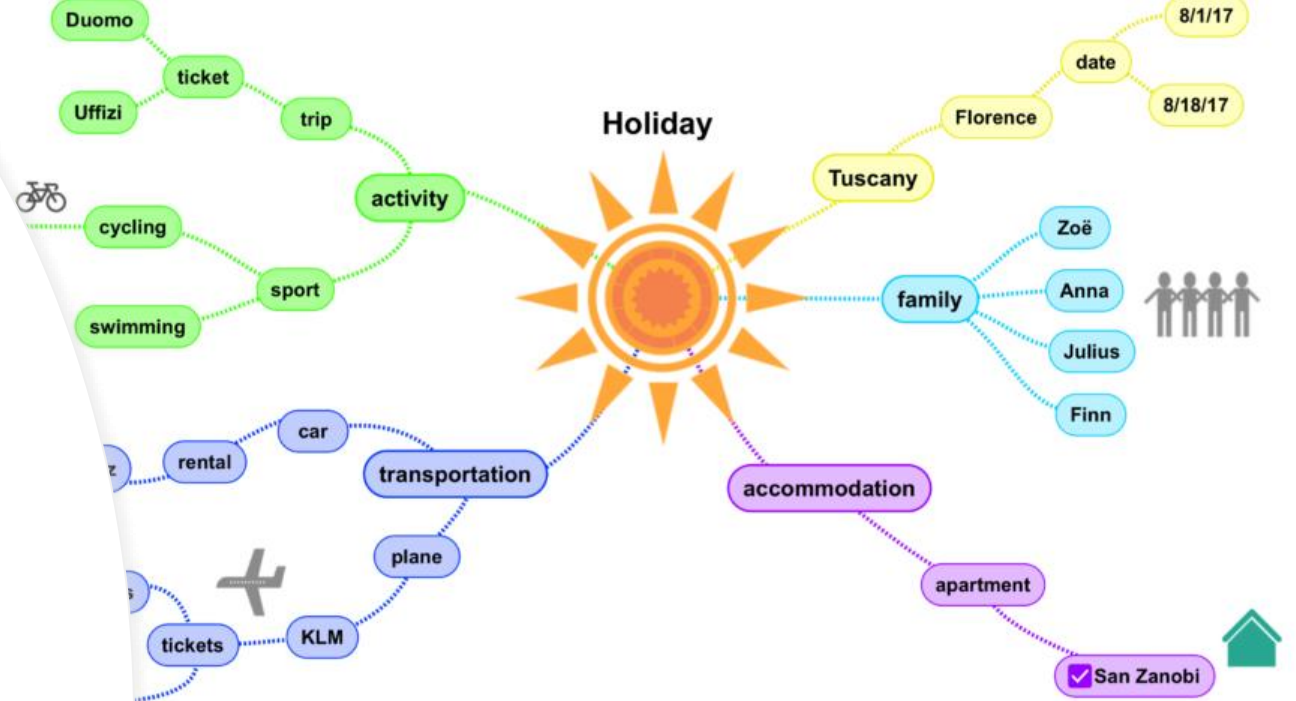

How to start....

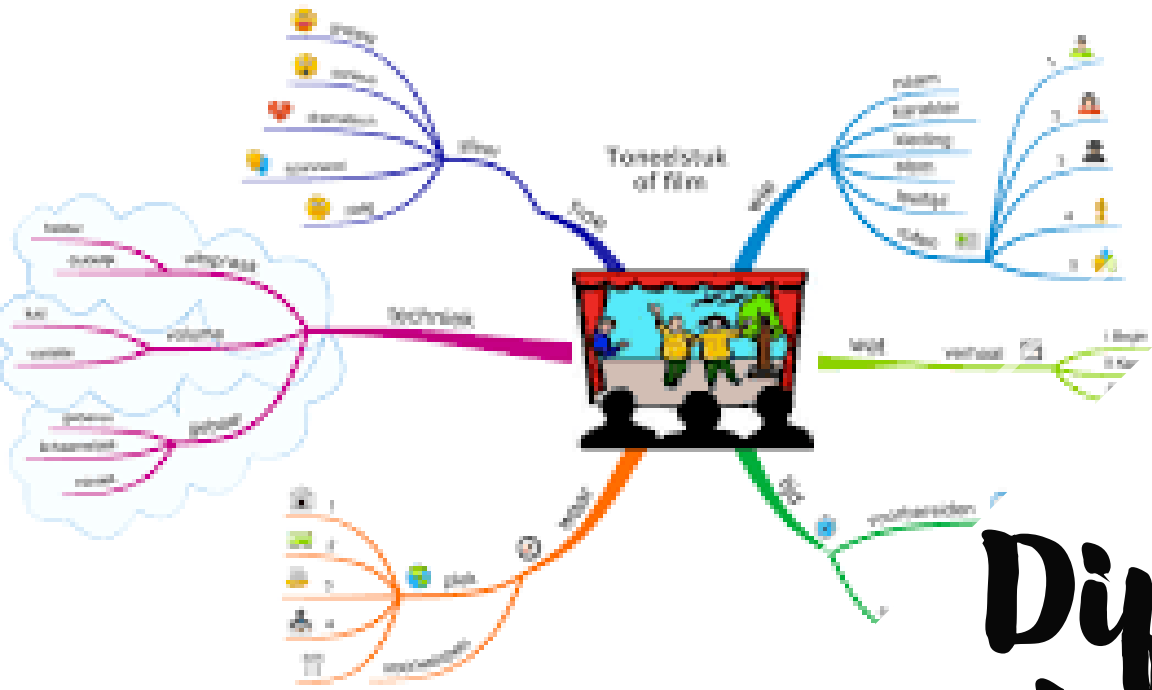

- **Write down everything you can think of** about a particular topic.
- Write the name of the topic in the centre of the page.
- Do not try to organise the information at all - the purpose is to get it out and onto the page.
- Use key words or phrases to write your ideas.

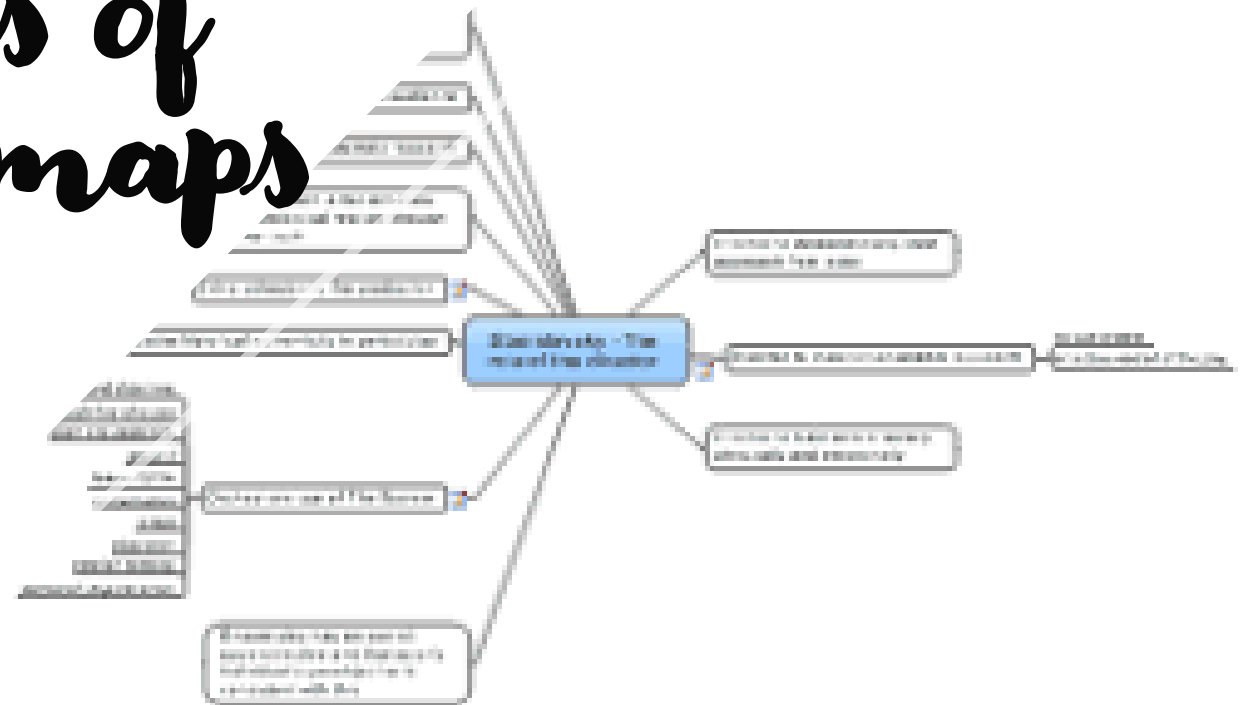

Developing the mind map

- Colour code your branches.
- Add keywords.
- Include visual signifiers (e.g., images)
- See the Big Picture!

Different types of Mind maps

Your Turn...

- Choose a subject
- Write the title in the middle of a sheet of paper and start to mind map your ideas...
