Covid Vaccinations for Students

Vaccinations for 12-15 year olds

Please see the attached letter that was sent to all parents earlier this week. We have been given a date of 21st October for when the Schools Age Immunisation Service (SAIS) will come into school to administer the vaccinations. They have confirmed with me that they will only offer vaccinations to students when we have clear and confirmed consent from parents. They will NOT apply Gillick Competence for these vaccinations. There is a link on the attached letter where parents can give their consent. Parents with queries about the vaccinations should please contact the SAIS team using the details in the attached letter. For any parents who cannot give consent online - this is the number to call to give phone consent: 01423 557693.

Positive Covid Cases

I am pleased to report that the number of positive Covid cases amongst students has more than halved over recent days, and looking ahead we expect further significant reductions by early next week. As positive as this news is - it remains important that we continue to follow the reinstated measures for the time being. This will be reviewed following half term, though I anticipate that they will still be in place for the first week when we return to school.

Home Testing

This remains a very important tool in our efforts to reduce the spread of Covid-19 in our school community. Please continue to ensure that all students test at least twice a week to support this process. **If someone has tested positive with a PCR test, they should not be tested using either PCR or rapid lateral flow tests for 90 days, unless they develop new symptoms during this time - in which case they should be retested immediately using PCR.**

This 90-day period is from the initial onset of symptoms or, if asymptomatic when tested, their positive test result. Miss Riley-Fox is happy to help you with any questions or concerns that you may have around this: rileyfl@bedalehighschool.org.uk .

Satchel One Support

For parents with two children at the school:

Each student has a unique Parent Code, and parents use this code to link themselves to their child. So, if a parent would like to see multiple children on their account, they will need to have a separate Parent Code for each child. The Parent Code can be found inside the student's account, under Account Settings.

Once the parent has the relevant Parent Codes, they need to follow these steps:

On the website:

Log in to your existing Parent account

Click on Account settings

Scroll down and enter your Parent Code in the "Link another student to your account" field.

Click Submit

On a mobile device:

Open the menu and go to Settings

Select Student Management

Tap the + and enter your Parent Code.

You may need to log out and back into your account to see these changes.

Lost Property

We still have numerous coats/jackets, shoes/trainers, bags of sport kit etc. plus lots of expensive clothing which has not been claimed from last academic year.

Any items not collected before 22 October 2021 will be forwarded on to various local charities from 1 Nov 2021.

If you need any replacement items, or want your child to check for any lost items from last year, please tell them to see Mr Collinson in Room 15 and we will see if we can help to save you some money!
