Taking place at Queen Mary's East London campuses on

Wednesday and Thursday afternoons this Autumn term, the Queen Mary Futures programme is a free opportunity for Year 12 students from backgrounds typically under-represented in higher education to develop the knowledge and skills necessary to succeed at university. Full programme details can be found on the [website](#). The deadline for applications to our [Queen Mary Futures](#) programme is this **Sunday 16th October**.

Please do encourage your students to apply for their preferred subject strand, choosing from:

- Medicine (limited availability)
- Biological and Behavioural Sciences
- Economics and Finance
- Electronic Engineering & Computer Science
- Engineering and Materials Science
- English, Drama, Languages and Film
- Geography
- Mathematical Sciences
- Physical and Chemical Sciences

Your 'teacher declaration' to verify the information provided in students' applications can be sent after applications have been submitted, in advance of the programme starting on Wednesday 2nd November. Details of this very simple process can be found [here](#).
