🎓 Unlocking Autism for Parents & Carers

Unlocking Autism is a free course for parents and carers of children and young people with communication and interaction needs.

Outline

The online programme includes 5 sessions covering Autism, Behaviour, Communication, Sensory differences and Resilience, providing practical tools and strategies to support children and young people.

Description

Children do not need to have a diagnosis of autism in order for parents to attend.

Audience

Parents & carers

Booking Information

Please ensure that it is the DELEGATE information that is booked in order that joining link and instructions for the course or any pre-course information is then available for the delegate.

Delegates please log on 15 minutes before the start of the training so you can resolve any audio or video problems.

You will find a link to the course documents including joining instructions, meeting ID (if required) and any supporting documentation in your booking confirmation email and in the subsequent reminder(s).
