

*To understand and support your child's social, emotional and mental health needs at home*

## Outline

Delegates will develop a deeper understanding of how SEMH needs present in children and young people and the impact this can have on their childhood development. The delegates will have access to practical examples and approaches to use when supporting children with challenging SEMH needs.

## Description

Delegates will develop a deeper understanding of how SEMH needs present in children and young people and the impact this can have on their childhood development. The delegates will have access to practical examples and approaches to use when supporting children with challenging SEMH needs.

## Outcomes

Outcomes include; What is SEMH? What are the characteristics of SEMH? Understanding the three key areas of the Triune Brain and their functions. Exploring emotional developmental gaps and the lasting impact of early attachment. How relational approaches can support your understanding of SEMH needs. Supporting social skills and positive attachments. The Key Strategies. Developing own positive wellbeing and mental health.

## Audience

Parents and / or carers.

## Booking Information

Please ensure that it is the DELEGATE information that is booked in order that joining link and instructions for the course or any pre-course information is then available for the delegate.

Delegates please log on 15 minutes before the start of the training so you can resolve any audio or video problems.

You will find a link to the course documents including joining instructions, meeting ID (if required) and any supporting documentation in your booking confirmation email and in the subsequent reminder(s).
