

28th November 2023

Dear Parents/Carers

GCSE YEAR 11 GEOGRAPHY TRIP TO LEEDS – Thursday 14th December 2023

As part of their studies for the GCSE Geography course, it is a compulsory requirement that all students undertake two pieces of fieldwork: the first one which they have already completed at the end of Year 10 (Arkengarthdale trip) and the second fieldtrip which will take place on **Thursday 14th December 2023**. The focus of this investigation will be the changes around the urban area of Leeds, and this will involve visits to several contrasting parts of the city.

The students will not be under the constant supervision of their teachers on the day, but have been told about the standards of behaviour we expect whilst they are representing the school. They will be allowed to work with a group of students from their class although they must not go away from this group on their own under any circumstances. It is essential that on the day, all students complete each task accurately, as the results will form a major part of their write-up back in class.

We will be departing Bedale High School at 9.00am and expect to return at approximately 4.30pm, therefore arrangements will need to be made to ensure that your child can return home outside school transport times. Students will need to bring a packed lunch and will not be required to wear school uniform. Sensible appropriate clothing, including waterproofs, and appropriate footwear is required as the weather can be unpredictable at this time of year!

The cost of the trip including transport and insurance will be £10.00. Please can payment and consent be made online via ParentPay by **Tuesday 12th December 2023**.

Thank you for your continued support.

Yours faithfully

Mr A Childe
Assistant Headteacher
