You would be expected to continue to develop the positive ethos within Science and DT as established by the previous postholder, and to ensure that everything is in place to support positive outcomes. The post also includes the line management of Design Technology and Food Preparation and Nutrition. The successful candidate will be an excellent and enthusiastic teacher, looking to join a community-focussed school where we go the extra mile to give our students the best provision we can offer.

- You would be joining us at an exciting time on the school's upward journey: our student roll is growing and we have made significant changes to curriculum planning and delivery
- We can offer you the opportunity to work collaboratively with our primary and secondary partners for the benefit of all students in our community
- We are an outward looking school, always looking to develop our innovative high-quality practice through our partnerships with others
- You will receive extensive CPD opportunities both within school, locally and nationally
- We are a friendly, innovative school situated in the centre of the beautiful county of North Yorkshire bordering the Yorkshire Dales National Park, offering a high quality of life. The school is only a few minutes away from the A1 making it easily accessible from Teesside, York, Leeds and Newcastle.
